THE AUTHOR

Roland Sweet is the editor-in-chief of *Log Home Living* magazine, which he helped launch in 1989. Over the years he has also been editor of *Log Homes Illustrated*, *Timber Homes Illustrated* and *Distinctive Wood Homes*. His book, *100 Best Log Home Floor Plans*, was released in 2007. Roland received a master's degree in magazine journalism from Syracuse University. He lives with his wife, artist Theodora Tilton, in Mount Vernon, Virginia, where he can be found hiking, flying, and compiling news of human folly, which he chronicles in a weekly syndicated newspaper column.
